

Novo Nordisk Foundation invites to
Online information meeting on open calls
within

Life Science Research and Biotechnology

Join online 21 June 13.00-14.00 (CET)

The Novo Nordisk Foundation vision is to make a considerable contribution to research and development that improves the lives of people and the sustainability of society. Within life science research and biotechnology the wish is to support projects that ultimately contribute to solving global challenges through development of technologies for the sustainable production of food, chemicals, materials and energy.

Interested to know more? Join our online information meeting. All interested can join, and you do not need to register. You are welcome to share the invitation in your networks.
