

Session Program

13-15 Jun 2022

LINXS Partner event - Lipid Bilayers at ESS-BESS in Lund, 13-15 June 2022

Session 2 - Membrane structure and self-assembly

Monday 13 June

15:30

Session 2 - Membrane structure and self-assembly

Session | Location: Scandic Star Hotel, Lund

15:30-16:15

Keynote talk 2: Georg Pabst - Asymmetric Membranes - Structure, Dynamics and Interleaflet Coupling

Speaker

Georg Pabst

16:15-16:35

Contributed talk 4: Nico Paracini - Bilayers, layer by layer. Applications of Langmuir-Blodgett and Schaefer methods to bio-membrane research with neutrons

Speaker

Nico Paracini

16:35-16:55

Contributed talk 5: Emanuel Schneck - Investigating Lipid Membranes Adsorbed to Functionalized Air/Water and Oil/Water Interfaces

Speaker

Emanuel Schneck

16:55-17:15

Contributed talk 6: Tonya Kuhl - Robust and Tunable Polymer Cushioned Lipid Membranes

Speaker

Tonya Kuhl

17:15
