

**Session Program**

4-6 May 2022

**LINXS 3rd Integrative Structural Biology  
symposium, May 4-6 in Lund**

**Keynotes and Short talks (Chair: Thomas  
Ursby)**

Kulturen  
Tegnérplatsen 6, 223 50 Lund

# Wednesday 4 May

13:25

## Keynotes and Short talks (Chair: Thomas Ursby)

Session | Location: Kulturen , Tegnérplatsen 6, 223 50 Lund

13:25-14:15

### Keynote 1, Prof. Richard Neutze - Recent advances in time-resolved crystallography

**Speaker**

Prof. Richard Neutze

14:15-14:35

### Short Talk 1, Philip Ash - Harder and faster: electrochemical solutions to problems in metalloprotein biophysics

**Speaker**

Philip Ash

14:35-14:55

### Short Talk 2, Ping Li - Structural basis of [2Fe-2S] Cluster Export by Mitochondrial Atm1

**Speaker**

Ping Li

14:55-15:35

### Keynote 2, Prof. Vanessa Ruta - Making sense of scents: structural insights into odor detection

**Speaker**

Prof. Vanessa Ruta

15:35
