

Session Program

12-14 Sept 2018

Dynamics of Membranes and their constituents

Model Biomembranes: Late afternoon session

Palaestra and Kulturen, Auditorium
Palaestra: Paradisgatan 4, Lund Kulturen Auditoriet: Tegnérplatsen 6, Lund

Thursday 13 September

15:20

Model Biomembranes: Late afternoon session

Session | **Location:** Kulturen museum, Auditorium | **Convener:** Prof. Tommy Nylander

15:20-16:00

Keynote 9 - Neutron spin echo spectroscopy as a sensitive tool to study membrane elasticity in microemulsions and lipid membranes

Speaker

Dr Olaf Holderer

16:00-16:20

Contr. Talk 9 - On the kinetic stability of non-ionic surfactant vesicles.

Speaker

Ulf Olsson

16:20-17:00

Keynote 10 - Hydrostatic Pressure Effects on the Structure and Stability of Lipid Membranes

Speaker

Prof. John Seddon

17:00
